On the adjustment of matters relating to the 2026 business plan

- *Pursuant to the Law on Enterprises No. 59/2020/QH14 ratified by the National Assembly of the Socialist Republic of Vietnam on June 17, 2020 and its amending and supplementing documents (if any);*
- *Pursuant to the Law on Securities No. 54/2019/QH14 ratified by the National Assembly of the Socialist Republic of Vietnam on November 26, 2019 and its amending and supplementing documents (if any);*
- *Pursuant to the Charter on organization and operation of Phu Nhuan Jewelry Joint Stock Company ("**Company**"/"**PNJ**") dated May 20, 2026;*
- *Pursuant to the Resolution of the 2026 Annual General Meeting of Shareholders ("**GMS**") No. 245/2026/NQ-DHDCD-CTY dated April 22, 2026;*
- *Pursuant to the Resolution of the Board of Directors ("**BOD**") No. 606/2026/NQ-HDQT-CTY dated September 24, 2026.*

Based on the 2026 business plan approved by the 2026 Annual GMS, the Company's actual business performance, and the assessment of business prospects for the remainder of 2026, the BOD has noted changes in certain market conditions, subsequent events and assumptions that served as the basis for the preparation of such business plan as compared with those prevailing at the time of its approval. In particular, the unforeseen diamond-related incident arising in 2026 has directly affected the progress of the implementation of the submitted business plan and has generated financial pressure associated with the Company's repurchase of previously sold goods.

Given the above, to ensure that the 2026 business plan appropriately reflects actual circumstances and updated forecasting assumptions, while providing a basis for the Company to implement its objectives and business targets during the remainder of 2026, the BOD respectfully submits to the GMS for consideration and approval the adjustments to matters relating to the Company's 2026 business plan approved under the Resolution No. 245, specifically as follows:

1. **Approval of the adjustment to the 2026 business targets (consolidated) under the Company's 2026 business plan**

   1.1. The business plan excluding the provision for losses arising from the product trade-in policy in respect of goods previously sold and expected to be repurchased in the future is as follows:

Item	Approved 2026 business plan *(VND million)*	2026 First-half Actual *(VND million)*	First-half 2026 achievement rate *(%)*	Proposed adjusted 2026 full-year target *(VND million)*	Adjustment ratio vs. Approved 2026 business plan *(%)*
Invoiced Revenue	50,076,872	26,570,144	53%	40,079,194	80%
Revenue from sales of goods and rendering of service	48,660,134	25,931,141	53%	39,057,314	80%
Gross profit from sales of goods and rendering of service	9,485,663	3,595,530	38%	4,731,043	-50%
Profit before tax	4,270,967	1,683,320	39%	1,011,991	-76%
Net profit after tax	3,408,995	1,549,450	45%	800,583	-77%

1.2. With respect to the provision for losses relating to the trade-in policy for goods previously sold and expected to be repurchased in the future, the Company plans to implement certain changes to the trade-in mechanism, resulting in:

(i) A significant increase in the percentage of customers expected to resell products to the Company or use previously purchased products to exchange for other products, compared to the assumptions adopted in the reviewed interim financial statements for 2026;

(ii) As the percentage of customers exercising their resale or exchange rights increases, the composition of recovered goods may shift toward a higher proportion of product categories associated with higher loss rates. Accordingly, the overall estimated loss rate is expected to exceed the level currently referenced in the reviewed interim financial statements for 2026.

On that basis, the Company proposes to recognize a provision based on the assumption that customers will resell or exchange products representing 80% of the goods previously sold by the Company *(equivalent to a provision amount of VND **7,071,137,000,000**)*. The above provision amount is an estimate determined in accordance with the principle of prudence. Such provisioning is intended to prudently manage the risk of extraordinary expenses that may arise in subsequent years, while reinforcing the transparency of the Company's financial information relating to obligations arising from the trade-in policy for goods previously sold and expected to be repurchased in the future.

Based on the above, the BOD respectfully submits to the GMS for approval the adjustments to the 2026 business targets (consolidated) under the Company's 2026 business plan, details of which are set out in the table below:

Item	Approved 2026 business targets (consolidated)			Adjusted 2026 business targets (consolidated)

2.1. Based on the policy approved by the GMS, the BOD shall supervise the Legal Representative's implementation of the specific provisioning and all related accounting procedures, ensuring compliance with Vietnamese Accounting Standards and other relevant accounting regulations.

2.2. All other matters relating to the 2026 bussiness plan approved by the 2026 Annual GMS that are not addressed in this Proposal shall remain unchanged.

The BOD respectfully submits to the GMS for consideration and approval of the aforementioned matters.

Respectfully submitted.
